

# Suyash Srivastava

Frontend Engineer | Building Responsive, Mobile-Friendly Web Applications

📞 6306091214 📩 suyashsrivastava200@gmail.com 💬 linkedin.com/suyash-srivastava 🌐 suyashportfolio.netlify.app

I am a **Frontend Developer** with **1.9 years of full-time experience** and **6 months of Freelance experience** in creating responsive, mobile-friendly web applications using **React, JavaScript, HTML, CSS, Tailwind CSS and Bootstrap**. Skilled in **REST API integration, state management (Redux, Context API), and performance optimization**, with a proven ability to **translate Figma designs into production-ready applications**. Passionate about building scalable, modern interfaces that deliver seamless experiences across all screen sizes. Continuously upgrading skills by working on modern projects in **TypeScript**. Immediate joiner.

## WORK EXPERIENCE

### Front End Developer

Maco Infotech

September 2022 – May 2024

Delhi

- Developed and maintained large-scale applications including an Asset Management Software and an ERP Software using **JavaScript, HTML, CSS, Bootstrap, and jQuery**.
- Designed and launched a Family Hospital website from scratch with **React and Tailwind CSS**, providing a modern, scalable, and user-friendly solution.
- Collaborated within a team to develop a Hotel Management Application using **React.js, JavaScript, and Bootstrap**, with **LocalStorage** for client-side data persistence.

## FREELANCE / CONTRACT PROJECTS

### React.js Developer (Freelancer)

February 2025 – April 2025

Remote

- Built a fully responsive web application using **React and Tailwind CSS**, following a **mobile-first approach** and ensuring seamless performance across all devices.
- Integrated **REST APIs, Google Authentication, and Redux** for secure login, real-time data handling, and efficient state management while translating **Figma designs** into scalable, cross-browser compatible interfaces.

### React.js Developer

Freelancer

September 2024 - January 2025

Remote

- Developed a **responsive Admin Panel** using **React and Bootstrap**, ensuring seamless user experience across all screen sizes with efficient **state management through Context API**.
- Integrated **REST APIs** for dynamic, real-time functionality and optimized performance for large datasets using **table virtualization**, significantly improving load times and usability.

### Web Developer (Contract)

August 2025 – September 2025

Remote

Abaca Systems Private Limited

- Converted Adobe XD designs into pixel-perfect, responsive HTML pages using CSS for all screen sizes, with a focus on large-screen optimization.

## TECHNICAL SKILLS

**Programming Languages**    JavaScript (ES6+), TypeScript, HTML5, CSS3, jQuery

**Frameworks & Libraries:**    React.js, Tailwind CSS, Bootstrap, Context API, Redux

**Tools & Platforms:**    Git, VS Code, Chrome DevTools, NPM/Yarn, Figma, Adobe XD

**Others**    REST API Integration, Responsive Web Design, Figma to Code, Performance Optimization

## EDUCATION

### Masters in Computer Applications ( Online )

2023 – 2025

Chandigarh University

## LEARNING PROJECTS

### Role based Management App | React, Javascript, Redux, LocalStorage, Tailwind CSS

- Developed the application independently, implementing role-based access control and dynamic page rendering to deliver customized user experiences.
- Live Demo: [role-based-management.vercel.app](https://role-based-management.vercel.app) | GitHub: [github.com/role-based-project-management](https://github.com/role-based-project-management)

### Calendar Task Management App | React, TypeScript, Interact.js, LocalStorage

- Built a Google Calendar-like app where tasks can be created, dragged, and resized to update their time using Interact.js.
- Live Demo: [task-manager.vercel.app](https://task-manager.vercel.app) | GitHub: [github.com/task-manager](https://github.com/task-manager)

### Figma-to-Responsive Website | HTML, CSS, Bootstrap

- Converted a Figma design into a fully responsive web application with mobile-first design and cross-browser compatibility.
- Live Demo: [lead-crm.vercel.app](https://lead-crm.vercel.app) | GitHub: [github.com/lead-crm-project](https://github.com/lead-crm-project)
